PROFILE

Motivated B.Tech CSE student (CGPA: 9.76) at Rai University, graduating in 2028. Skilled MERN Stack Developer, built Arcade Array, a gaming platform with advanced search, friend boards, and secure transactions, boosting user retention. Proficient in frontend & backend development, REST APIs, UI/UX, Git, and Postman.

PROJECTS

Arcade Array

- Developed a dynamic platform utilizing the MERN stack which offers popular games, incorporating both free and paid options .
- Engineered Arcade Array platform, incorporating advanced search functionalities by category, enabling seamless access and downloads, resulting in a 50% increase in user retention.
- Enhanced player engagement by implementing interactive friend boards using React.js, increase in social interactions.
- Monitor brand consistency across marketing channels and materials.

CodeChisel

- Designed and implemented a real-time leaderboard using React and Framer Motion to display top performers based on quiz scores and completion time.
- Developed tab-switch detection and restriction logic using the Page Visibility API to maintain quiz integrity, triggering alerts and violation tracking.
- Integrated leaderboard and tab monitoring features for dynamic data updates and persistent user activity tracking.
- Enhanced user experience with responsive UI components and personalized rank highlighting.

EDUCATION

Rai University Ahmedabad

- Bachelor Of Technology
- CGPA : 9.38
